PRAY

- we will meet new neighbors and invite them to worship gatherings meeting in our garage.
- for a driving program and other outreach opportunities with Native Americans.
- for guidance and wisdom balancing work, ministry, a new family, school, and church planting.
- for God's provision of foldable chairs, a tv, and other resources for Bible study and ministry.
- for development of the leadership and core team as God builds His church here.
- for like-minded Christians in the area to become involved and committed to the ministry.
- that God will grow the food pantry, increase Bible study attendance, expand multiethnic outreach, and help us impact the people around us.
- for more partners to pray and come be boots on the ground.
