Many ABSC churches address hunger in their communities through food pantries, feeding stations, summer programs for children, backpack ministries, meal delivery to seniors, and holiday meals, while sharing the Gospel.

Globally, Southern Baptists combat hunger through Send Relief, which provides both immediate aid in crises and long-term solutions like job training, livestock, clean water, and medical care. Arkansas Baptists support 25 hunger ministries statewide through offerings, with donations split between Send Relief (75%) and ABSC Hunger Ministries (25%).

Last year, the Hunger Sites supported by the ABSC reported:

- **345,205 individuals fed**
- **472 professions of faith**
